- **Homeless Housing, Assistance and Prevention Program (HHAP) Round 3** – In FY 21-22, The SBC&C CoC was allocated \$3.9 million, and the County was allocated \$3.6 million in HHAP Round 3 funding. Both the CoC & County received an initial 20% disbursement of the HHAP-3 funding (\$780k/\$720k) which was allocated to support communities with completing the required Local Homelessness Action Plan and fund system improvements. The HHAP-3 Applications and Local Homelessness Action Plan were submitted to Cal ICH by June 30, 2022. We are currently awaiting approval of our application from the State.
- **Encampment Resolution Funding Program** – In February 2022, Governor Newsom announced the [award of \\$50 million in grants to 19 communities](#) throughout California to provide shelter or housing for 1,401 individuals currently experiencing homelessness in encampments. The County of San Bernardino was awarded \$1,787,998 in funding to engage 150 individuals living in encampments, with 30% becoming stably housed and 60% connected to services (40% will identify as Black, Indigenous or a person of color). The territory prioritized for this effort include encampments located along the Santa Ana Riverbed area from City of Redlands to the county border w-Riverside and the Mojave Riverbed area starting within the City of Victorville near the 15-freeway corridor.
- **Family Homelessness Challenge Grant** – In June 2022, Cal ICH announced the first round of awards for the Family Homelessness Challenge Grant. CALIFORNIA STATE BUDGET — 2022-23 [Housing and Homelessness \(ca.gov\)](#)

HOMELESSNESS

The Budget builds on the previous year's historic commitment of funds for addressing homelessness by providing an additional \$3.4 billion over three years to continue the state's comprehensive approach toward services and supports for individuals who are experiencing homelessness, or who are at risk of experiencing homelessness. The Budget homelessness package totals \$10.2 billion over two years.

SIGNIFICANT ADJUSTMENTS INCLUDE:

Encampment Resolution Grants—\$300 million General Fund for 2022-23, and \$400 million General Fund for 2023-24, to expand the Encampment Resolution Grants program. Of the 2022-23 funds, \$150 million is prioritized for assisting persons living in encampments located on a state right-of-way.

Homeless Housing, Assistance, and Prevention Program (HHAP)—\$1 billion General Fund for HHAP, and \$1 billion General Fund for 2023-24 for the program. HHAP is a source of funds for cities, counties, and continuums of care to create comprehensive plans to address their homelessness challenges in ways that best meet local needs.

Homekey 2.0—\$150 million General Fund in 2021-22 to augment the \$1.5 billion provided for Homekey 2.0 and \$1.3 billion for 2022-23. Awards from Homekey 2.0 continue to be announced, and cumulatively have helped to facilitate more than 10,000 new units of housing for Californians experiencing homelessness.

Behavioral Health—\$1.5 billion General Fund over two years for the Behavioral Health Bridge Housing Program to expand access to housing for individuals with complex behavioral health needs. The Budget also continues to invest in community restoration placements and services for individuals deemed incompetent to stand trial. See the Health and Human Services Chapter for more details.

Transitional Housing and Housing Navigators—\$34 million ongoing General Fund for HCD's Transitional Housing Program (\$25.3 million) and Housing Navigators Program (\$8.7 million) to provide transitional housing and services to youth who were formerly in the foster system or on probation.

FY 2022 CoC Competition –DV Bonus and CoC Bonus Projects Request for Applications (RFA)

The San Bernardino County Office of Homeless Services (OHS), acting on behalf of the San Bernardino County Homeless Partnership and the Interagency Council on Homelessness (ICH), is requesting proposals from nonprofit and local government organizations aiding homeless populations within the County of San Bernardino. The County of San Bernardino is a Housing First Continuum of Care (CoC) and is accepting new housing project applications that meet the requirements of the Domestic Violence (DV) Bonus Projects and CoC Bonus Projects as noted in the United States Department of Housing and Urban Development (HUD) Notice of Funding Opportunity (NOFO) Fiscal Year (FY) 2022 CoC Competition. The HUD NOFO FY 2022 CoC Competition may be accessed at the following link: <https://www.grants.gov/web/grants/view-opportunity.html?oppld=342855>

Addressing Racial Inequities. Responses to preventing and ending homelessness should address racial inequities to ensure successful outcomes for all persons experiencing homelessness using proven approaches. Applicants are strongly encouraged to review their policies, procedures, and processes with attention to identifying barriers that result in racial disparities and taking steps to eliminate barriers to improve racial equity and to address disparities.

Coordination with Housing and Healthcare. The Consolidated Appropriations Act, 2022 directs HUD to provide incentives to create projects that coordinate with housing providers and healthcare organizations to provide permanent supportive housing and rapid rehousing services. In the FY 2022 CoC Program Competition, CoCs may receive up to 14 points on the CoC Application if the CoC Priority Listing includes new project applications created through reallocation or the CoC Bonus that utilizes housing vouchers and healthcare provided through an array of healthcare services providers. See Section VII.B.6 of the HUD FY 2022 CoC NOFO.

The CoC strongly encourages agencies to submit applications that demonstrate a partnership between housing, healthcare, and supportive services providers to expand housing options, such as permanent supportive housing, housing subsidies, and rapid rehousing. PLEASE NOTE – A written Commitment from a healthcare organization with the value of the commitment and the date(s) healthcare resources must be included with the application.

For TAY, housing stability is a combination of their own resources, their ability to take care of themselves, provided support, and how they get along with others. These are measured in the following areas:

Issue of Concern	Percentage of TAY who needed help with this concern at the start of services.	Percentage of those TAY who improved on this area of concern
Residential Stability	51%	78%
Living Skills	65%	70%
Self-Care	57%	71%
Family Relationships	75%	59%
Natural Supports	75%	52%

Due to the length of time most TAY consumers spend in the program, data was pulled for July 1, 2017 through Dec. 31, 2021 in order to showcase the level of progression that TAY members experience.

- HHAP Youth MOU. The Partners agreed to use **these funds for the following activities:**
- **Rental Assistance/Rapid Re-housing:** An intervention designed **to help individuals and families quickly exit homelessness** and return to permanent housing. Using the Housing First model, move families and individuals into permanent affordable housing **as quickly as possible with minimal barriers, assist with move-in costs such as security and utility deposits** and short-medium term declining rental subsidies, and provide intensive social services while families or individuals are in their home. Supportive services are designed to enhance each family or individual's stability and equip them with skills and resources they need to sustain and thrive in housing and avoid future homelessness.
- **Prevention/Diversion - Permanent Housing:** A strategy that prevents homelessness for people seeking shelter by helping them identify immediate alternate housing arrangements and, if necessary, connecting them with services and **financial assistance to help them return to permanent housing. Diversion programs can reduce the number of families becoming homeless**, the demand for shelter beds, and the size of program wait lists. Diversion programs can also help communities achieve better outcomes and be more competitive when applying for federal funding.
