The coordinated system

The Coordinated Entry System (CES) is a powerful tool designed to ensure that homeless persons are matched, as quickly as possible, with the intervention that will most efficiently and effectively end their homelessness when there is availability.

PATHWAYS HOME™

Housing Coordination Program

Pathways Home is San Bernardino County's groundbreaking collaboration between more than 30 agencies within the Homeless Partnership with the express purpose of creating sustainable, cost-effective, client centered pathways out of homelessness and diverting them into community resources or self-resolve.

Prioritization?

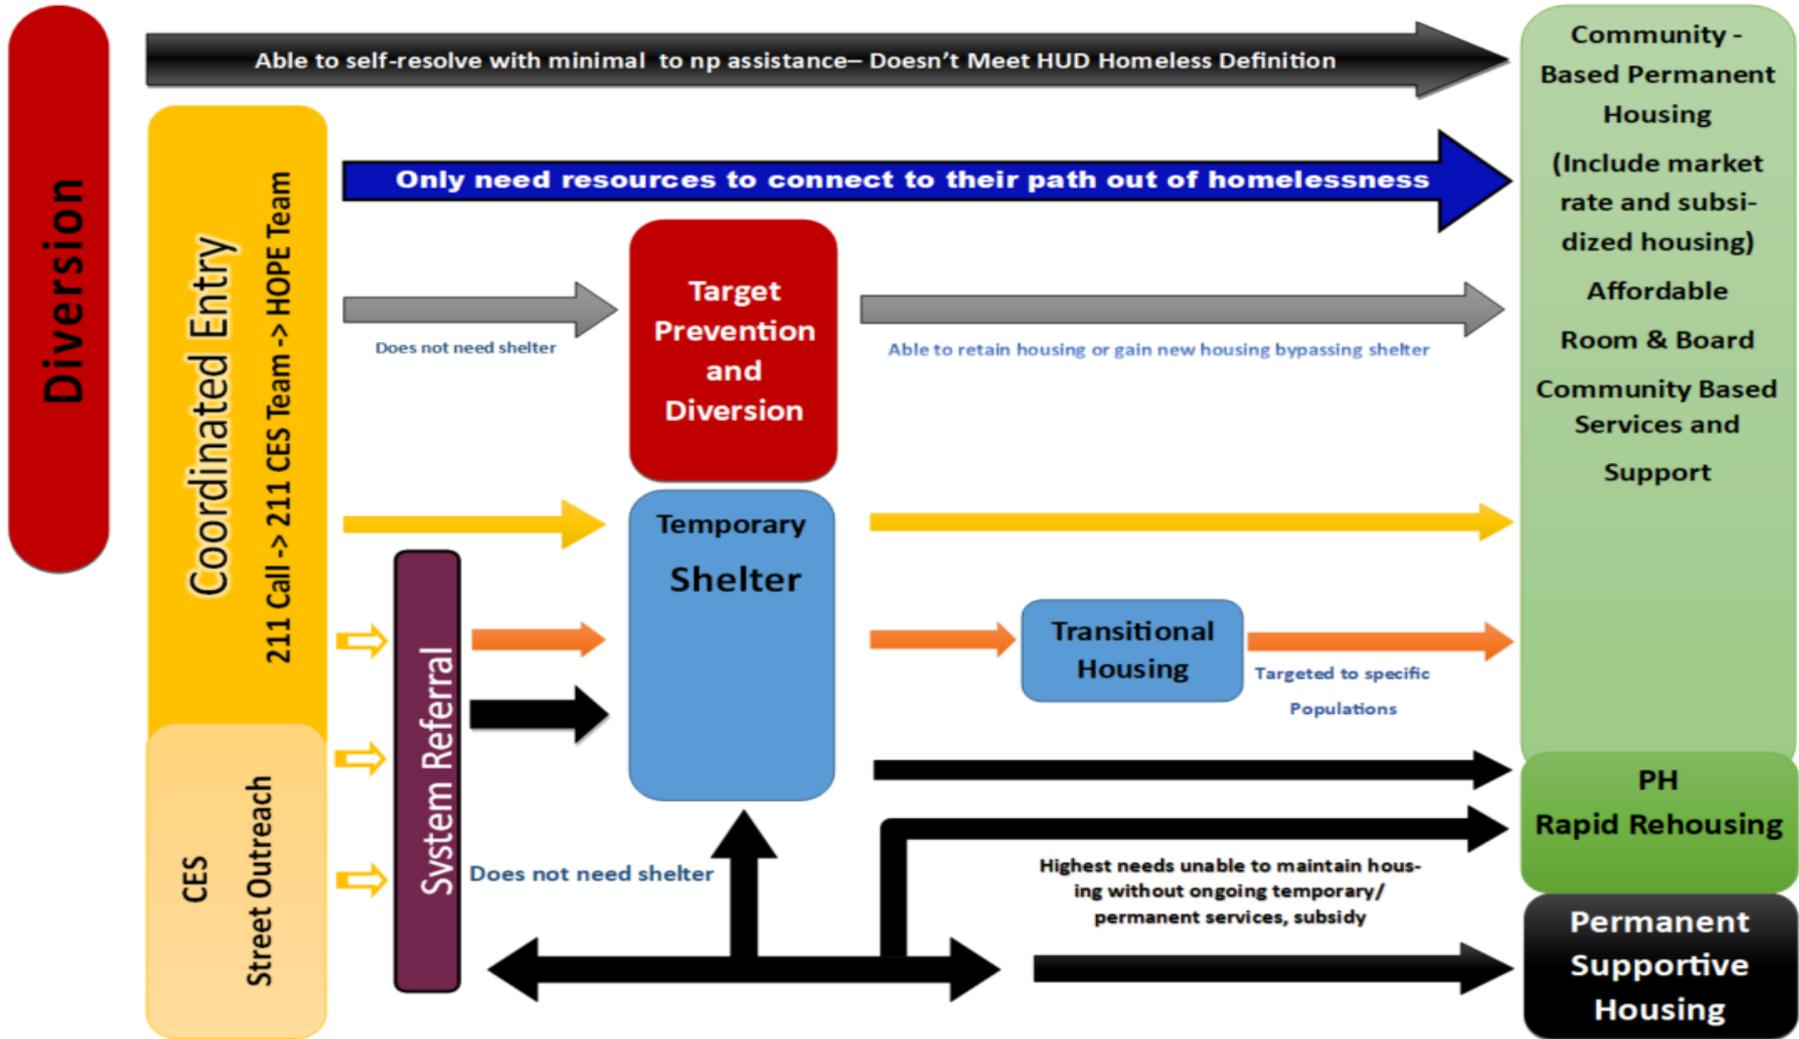

San Bernardino County Focus

- Veterans
- Chronically Homeless People
- Unaccompanied Women
- Unsheltered Children

Implementation Of the System

CES Focus

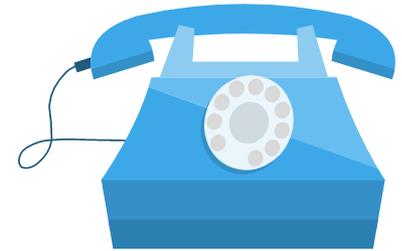

Our focus is to assist in coordinating those who are literally homeless continuously into housing resources as available

211 Housing Coordinator's

- * Assess Client for intake or diversion
- * Identify, match and refer client to available housing resource
- * Identify mainstream resources for additional service referrals
- * Outreach- Engage the community
 - * Providing guidance : Clothing, snacks, shower etc..., on the field
- * Identify Gaps with data
- * Align Resources
- * Report to ICH / HUD
- * Provide 3-digit access for public and direct connection for partners

PATHWAYS HOME™
Housing Coordination Program

Working with Vulnerable Population

We strive to work with the most vulnerable population in the San Bernardino County. As outreach workers we treat individuals with dignity and provide information to help them survive the best they can in their situation. It is vital to recognize the strength and resilience of each person to survive 100% of their hardship thus far.

Outreach:

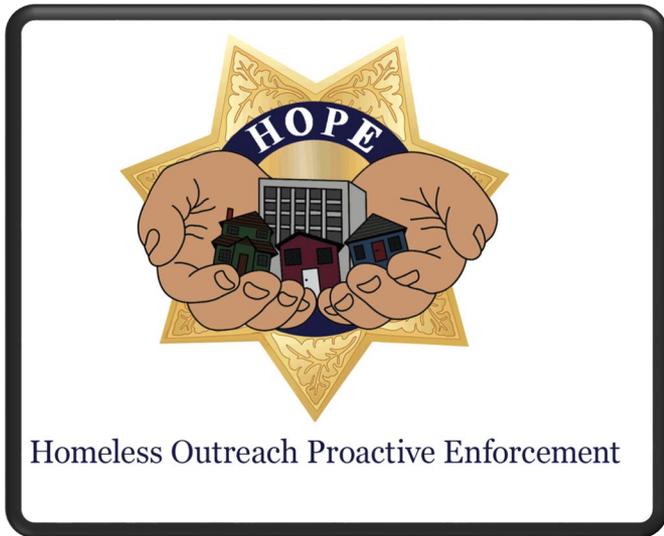

- We make a list of people we are verifying and reach out the day before.
- We call them when we are on our way when we have a teammate
- Our goal is to verify their living situation to continue the process and sign consents (4 documents) to share their information with the programs we work with.
- **Based on availability we can provide:** Hygiene Kits, Food Kits, ID Vouchers, Bus Passes, Gas Cards, Pet Food and 211 resources

The reality is:

1. We get about 310 referrals a month for follow-up and call back's for CES we only have the capacity to do 100 assessments a month and the availability to do 5-10 referrals a month.
2. Meaning for the remaining 90 household or so we have to divert from the system.
3. Most programs may be able to help if they find a landlord that will take them with Deposit and First month rent only
4. What is their goal to increase their income: Employment referrals
 - Some programs will only help with 1st month rent and deposit or the max of 3 month's.

Outreach

Identify and assess people facing homeless in the field

Connected with outreach across the county identify resources and connections

Able transport clients to housing programs is available

PATHWAYS HOME™
Housing Coordination Program

Housing Identification and Placement (HIP) Squad

- Identify and recruit landlord partners
- Develop a pipeline of available units for people facing homelessness with a priority of service-engaged veterans & chronically homeless
- Help resolve landlord-tenant issues as they arise with organizations

All PSH and RRH Service Partners

- Assist clients with removing barriers and connect with available rental units
- Secure tenant-based rental and move-in financial assistance
- Assist clients with housing stabilization case management

DOs and DON'Ts of VI-SPDAT

When explaining the VI-SPDAT and Sacramento Coordinated Entry System to a Client:

- **DO** explain **SB County Coordinated Entry System** as a collaboration of service providers working to streamline services to help connect homeless individuals to available resources and appropriate housing.
- **DO** ask a client to sign the VI-SPDAT consent form prior to conducting the survey.
- **DO** explain the VI-SPDAT as an assessment that enables our network of service providers to understand their needs, program eligibility, and assist in matching them to the best resources available.
- **DO** read all questions as is to the client. The order of the VI-SPDAT cannot change. As a self-reported tool, the sequence is vitally important. An individual must provide informed consent prior to the VI-SPDAT being completed.
- **DO** provide clarification of any questions the client expresses or appears to not understand,
- **DON'T** complete the VI-SPDAT solely through observation or using known information within your organization.
- **DON'T** change client answers because you believe they are being dishonest.
- **DON'T** mention that people will receive a score after participating in a VI-SPDAT, and **DON'T** give them the score.
- **DO** explain Rapid Rehousing (RRH) or Permanent Supportive Housing (PSH) and how each type of housing program caters to a client's needs.
- **DO** empower and encourage those who score <5 to utilize community resources to exit homelessness on their own.
- **DON'T** guarantee housing to a client or give them a timeframe in which they will be housed.
- **DON'T** tell a client that the most vulnerable are being prioritized for housing. Please remember that we are using the VI-SPDAT to match people to appropriate housing.
- **DON'T ever go back into and Assessment to change answers, the system logs all changes. If you change answers, your HMIS account will be deactivated!**

Good Afternoon,

This email is to advise you that Client ID 40608 Chappell G. has been referred to your organization.

Client can be reached at phone number 909-677-1318 or 702-684-9065.

This client would need assistance with Bridge housing, they are currently in a motel paid by Mercy house and we are reaching out to CAPS for motel assistance for 7 days. Once that is over this family will become unsheltered.

This case is a little unique please reach out to me if you have any questions.

I am working with Office of Homeless Services to correct head of household in HMIS.

Thank you.

We upload -HMIS Consent, Homeless Verification, and consent to collaborate and discuss cases

The screenshot displays a software interface for client management. On the left is a dark sidebar with navigation options: "Coordinated Entry", "Files", "VISPDAT", "Referrals", "CLIENT INFORMATION", "Client Dashboard", "Edit Client Information", "Family", "Case Notes", "Housing Program Eligibility and Availability", and "CASE MANAGEMENT". The main content area shows "Gonzales's Information" with fields for Name, Birth Date, Gender (Female), Ethnicity (Hispanic/Latino), and Race. Below this is "Alexis's Enrollments" with a "No records found." message. A context menu is open over the "Files" option, listing "Client Photo", "Files", and "All Client Files (Including Document Files)".

Protocol's for Referral's

Policies & Procedures

- Receiving Program makes contact with client within 72 business hours
- Determination of eligibility are determined day of intake.
- If client misses 2 appt. they will be redirected to CES staff.
- PSH has 30 days of identification

Non-Enrollment Form

- there is no actual vacancy available; or no actual funding is available
- the individual or family missed two intake appointments;
- the household presents with more people than referred by the HC and the Receiving Housing Program of Emergency Shelter/ TH and project base PSH cannot accommodate the increase;
- Client is determined to be not literally homeless;
- Client is over the income limits for San Bernardino County AMI (Area Medium Income); only ESG, SSVF or TAD providers
- If client needs are determined to be at a higher level of care from what the program is able to accommodate;

We Will Need Point of Contact (POC)

- ✓ **We will need all staff email addresses and phone numbers you would like us to email referrals to.**
- ✓ **If you have several projects we will need contact information for each project if they are different**
- ✓ **We will provide you our POC – but this joint email is the easiest way to contact us:**

211CES@ieuw.org

So how is it done.....

Collaboration with Communication is the Key;

Meeting on a regular basis;

All clients are everyone's client;

Thinking outside the Box with creative resources;

Group Accountability.

Case Conferencing

We bring resources to the table outside of the box

Work together to identify all possible resources any person around the table may know

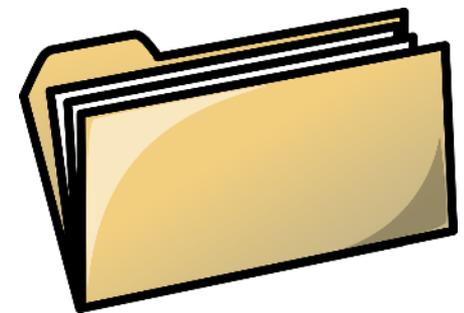

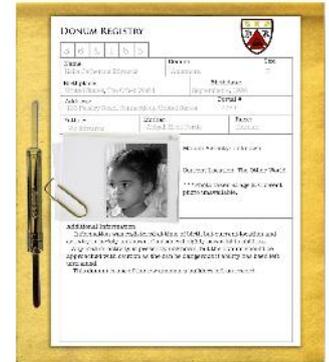

We go through process of elimination knowing the case and the resources

- We are able to eliminate resources that they are not eligible for

We coordinate by delegate roles and responsibilities

We are able to share information to identify impediments to know how to best approach the case

****We work together!!****

The Challenges

If a client walks into a provider's office requesting services, the following must take place:

Literally Homeless Client

- Outreach has to confirm client is literally homeless.
- Consent forms must be signed along with a homeless certificate.
- If agency is trained to do VI-SPDAT's, a VI-SPDAT must be completed before referral request.
- Signed documents must be sent to 211ces@ieuw.org along with a reciprocal referral request.
- Documents can also be uploaded to HMIS.
